

SKN INDUSTRIES

An ISO 9001:2015 Certified Company.

Universal Solutions of Complete Packaging and Services

ABOUT US

Skn industries is one of the leading manufacturers of corrugated boxes, shippers, heavy duty corrugation. Customize boxes with solutions, Wooden Boxes, Pallets, Carates, All type of packing films, LD bags and Supplier of good quality of HDPE bags and films PP Straps, PET Straps, Angle and Edge Protectors, All type of Lashing Straps, Container Stuffing Products, Rust Preventive Products (VCI) and all type of Packaging Tools, Strapping tools and wrapping tools online packaging solutions. As we have the Entire range of packaging Consumable and tools we believe in providing end to end solutions to customers or on site packaging so that to maintain a long term relationship and to benefitted our customers with our expertise as we have more than ten years of experience in packaging contracts specially for onsite packaging of customers that make it's our strength while it's the weakness of the competitors. Our team is well-equipped with latest machines tools and Equipment and technology that required to manufacturing and packaging of quality products. Our main aim is only the customer satisfaction. We always focus on the customer satisfaction by best of our products and services and by understanding customer's requirement and according keeping a sufficient inventory or planning of all goods.

Our production facility is 4000 MT per month with automatic European corrugation line and Box making machines.

MISSION

"OUR MISSION is to give our customers the very best in packaging, keeping constantly in mind the latest developments, with that purpose, we are eagerly planning to meet the challenges of the FUTURE."

FACTORY INFRASTRUCTURE

4000 MT / month
Production Capacity

1,50,000 sq. ft.
Plants Total Area

CERTIFICATIONS

ISO 9001 : 2015

ISO 14001 : 2015

ISO 45001 : 2018

RoHS Compliance

ISO 22000 : 2018

CORRUGATOR

- Speed 300 meters/minute.
- Positive Pressure Single.
- German Tungsten Carbide coated Flue Rolls.
- 21.25% higher box compression strength.
- 4800 MT paper conversion per month.
- Assuming box price Rs. 20 save minimum 5% @ Rs. 1.10 per box.
- Higher Productivity, higher Flexibility, Better Service.

PRINTING MACHINE

Zero Caliper Loss.

4 Color Brown Box Printing.

25000 Box Per Hour Production.

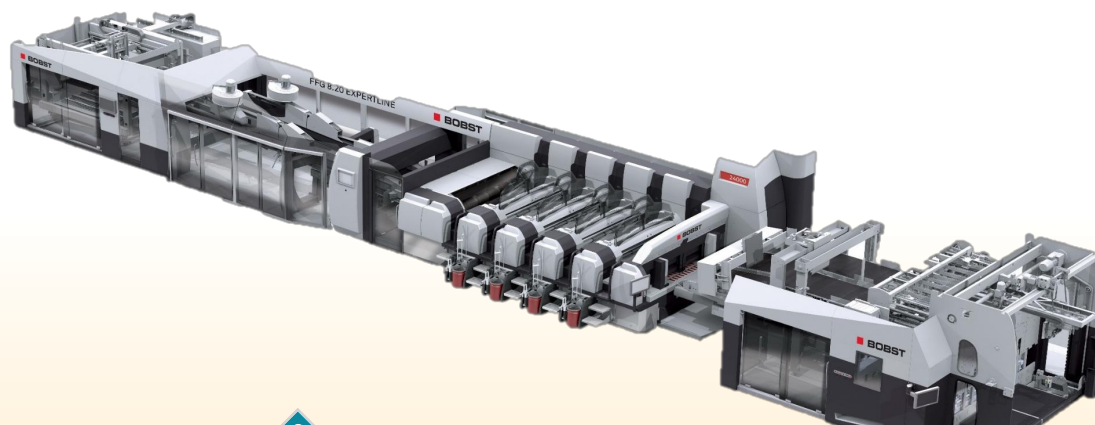

Higher BCT
Higher Shelf Life
Less than 0.5% in Transit Damages.

1.5 Minutes Job Change over time.
Paper to box in Flat six hours.

Supereffective Jit Save Inventory Cost.

6 COLOR PRINTING MACHINE

- 6 Color high Graphics Printing machine.
- Post print Production Process.
- Flexo Printing Replacing offset printing from multicolor shipping boxes.
- Speed 20000 boxes per hour.
- Saves 18% printing cost on 4 color box.
- Save 0.18 paisa print cost on sheet size of 28*40.
- Save 5% on paper consumption as this post print production process.
- Improved print Quality, Higher BCT.

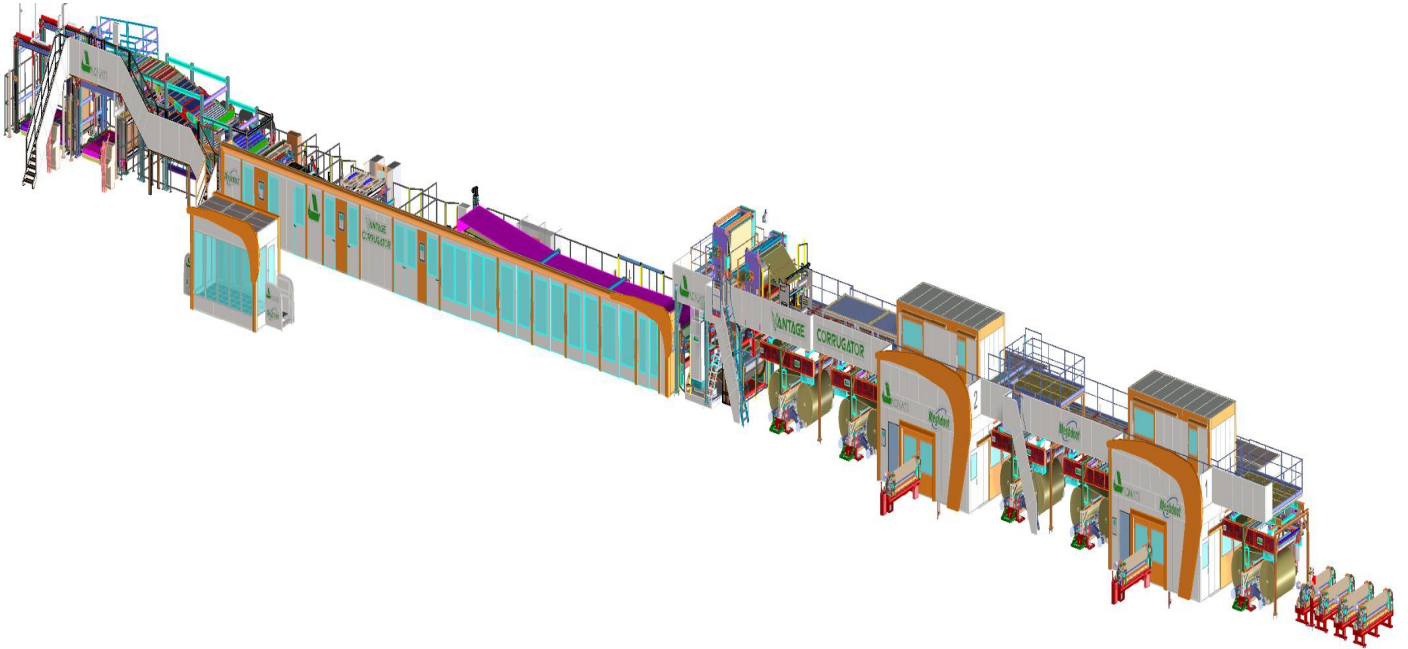

DIE CUTTER

- 1100*1600 Size.
- Die cutting speed 4800 boxes per hour.
- Zero Calliper loss while die cutting.
One stop solution for all big or small and complex die cut boxes.
- Zero Loss of BCT even with many holes.
- Higher speed better service and quality for Die cut Boxes.
- Save 5% on complex Die cut boxes.

100% MADE IN EUROPE CORRUGATOR

Why SKN?

30 years of hard core knowledge.

340+ quality check points.

41 M + Boxes delivered last year.

1700 KM+ delivery right time, every time.

4800 MT monthly paper conversion.

450 k sq. ft (15.5 acres) are for production and storage

Why SKN?

Made in Europe machine technology, put to use for manufacturing corrugated boxes.

Saved Rs. 17 million for 5 customers last year by just value re-engineering.

Offering highest level of precision for boxes used in Automatic packing machines, whereby our box quality ensures smooth and optimum speed of automatic packing lines.

Offering 6 color high definition, high graphic printing for all type of corrugated boxes ensuring lower box price with paramount print quality.

Fleet of 150+ trucks GPS enabled ensuring highest level of servicing to the clients.

24x6 days production operation to meet all the urgencies of the clients and timely delivery.

Machines with extremely fast job changeover capability ensuring right quality in time every time.

Lowest employee turnaround, technically qualified manpower in production, quality assurance and most importantly maintenance team ensuring sustainable continuity and right quality in time every time.

Covering distance of 1700 Kms to supply corrugated boxes ensuring right quality in time every time.

Manufacturing campus of 14 acres with production capacity of converting 4000 MT of paper per month.

15 days payment terms to all raw material suppliers ensuring high quality, low price and prompt service from raw material suppliers.

PALLATIZATION

SKN have manufacturing facility of wooden pallets, wooden crates, wooden caging, collapsible boxes, plywood boxes plywood pallets with MBRC and ISPM standards. We can provide any kind of wooden packaging on just in time delivery basis in north India.

PLYWOOD / PINE WOOD PALLET

We have the Expertise in making of plywood/ pinewood pallets. under this category we offer our clients a wide range of chemical treated pallets, plywood pallets, Euro pallets, two way pallets. Our offered pallets have these features-

1. High Durability
2. Excellence Strength
3. Fine Finishing

WOODEN / PLYWOOD BOXES

We have expertise in making every kind of wooden boxes These boxes are specially designed by the professionals in compliance with international quality standards. These boxes are widely use in transporation of different kind of goods.

Our product appreciated in the market due to following features.

1. High Durability
2. Dimensional Accuracy
3. Excellent Strength

JUMBO PACKAGING BOXES WITH ALUMINUM BARRIER FOIL AND VCI PACKAGING

We have the expertise in big box packaging, these boxes are used in any big machine packaging. These boxes are designed and manufactured under our experts and rich quality of wood is used to ensure their durability and sturdiness and according to shipping or transportation process of the customer. ON SITE CONTAINER PACKING / LASHING

We have expertise in on site packaging with complete materials man power and equipments our team strength is to develop different kinds of customize packaging service for different kinds of customer like automobile pharmaceutical, FMCG, Textile, beverages etc.

LASHING STRAPS

We provide onsite Lashing for various customers like automobile pharmaceutical, FMCG etc. We have a dedicated team for on site lashing which analysis design and then do demos on the customer site according to the application and specific requirement. In the designing process of lashing we always try to make container utilization and safety of the product. We have experience of lashing with different type of customers.

ANGEL / EDGE PROTECTOR

SKN is leading manufacturer of angle and edge protection. Having imported machinery high BF papers and boards which make our quality competitive then local manufacturers. We can make all size and specifications available in the market

PET STRAPPING

SKN Pet Strap is very good quality strap and available in different sizes from 09mm to 25mm. We always suggest the strap to the customers according to the application and trials. We are having the good manufacturers association with us the is why we are able to provide the strap on competitive prices to our customers.

PET STRAPPING TOOLS

PET strap can be strapped with different types of tools and with two type of sealing method.

1. MANUAL STEEL SEAL
2. ELECTRIC/PNEUMATIC FRICTION WELD SEAL

Manual Pet Strapping Tool

Pneumatic Tool

BATTERY OPERATED TOOL WITH FRICTION WELD SEAL FOR PET STRAP

STRETCH WRAPPING

We have the best quality of our wrappers and stretch film the ensure the best possible package security and durability. We offered a large variety of wrapping films and wrapping machines according to the different applications. Our best after services make us most competitive among various customers.

STRETCH WRAPPING MACHINES

HORIZONTAL WRAPPERS

BOX WRAPPING MACHINES

TOP PLATE PALLET WRAPPING MACHINE.

POLYPROPYLENE (PP) STRAP

We are trusted supplier and distributor of PP strap, we supplies the pp strap of one of the leading manufacturing ISO 9001 company of India. Our straps premium quality suits automatic and semi automatic machines. Our strap is available is various thickness and colours, we have the facility of customer branding on the strap too.

PP STRAPPING MACHINES

Semi Automatic Machine

Automatic Strapping Machine

Online Automatic Strapping Machine

INDUSTRIAL TAPES

We offers a large variety of Industrial tapes that includes Bopp Tapes, Foam Tapes, Masking Tapes, Polyester Tapes, Double Sided Tapes, Teflon Tapes, Friction Tapes, PVC Tapes, BOPP Packaging Tapes, Paper Tapes, Aluminum foil Tapes. Double sided tapes, Surface protection Tapes, Safety Tapes, Thread seal Tapes, HDPE Tape, Anti corrosive VCI Tapes, We have the machines according to the different application in the industry.

TAPING MACHINE

Semi Automatic Taping Machine

Fully Automatic Strapping Machine

SHRINK WRAPPING

Shrink Wrapping plays an important role in the retail sector in product positioning and safety. We are the distributors and importers of shrink films and different shrink machines according to the application of the customers. Mainly all shrink machines are customized; some of the machines are as follows.

Chamber Type Shrink Machine

Semi Automatic Shrink Machine

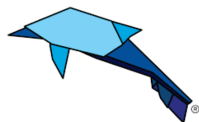

Online Shrink Machine
